Going to the Beach

Level: A2 Topic: Travel

Last weekend, my family and I went to the beach. The weather was perfect, and the sun was shining. We brought towels, sunscreen, and snacks. My brother built a sandcastle while my sister collected seashells. I went swimming in the ocean. The water was cool and refreshing. Later, we had a picnic on the sand. We ate sandwiches and fruit. It was a great day, and we took many photos to remember it.
