My Favorite Hobby

Level: A2 Topic: Hobbies

My favorite hobby is reading books. I love stories about adventure and fantasy. Every week, I go to the library to borrow new books. My favorite book is about a young wizard who goes to a magic school. I read it many times! Reading helps me relax and learn new things. Sometimes, I also write my own stories. I have a notebook where I keep my ideas. I want to be a writer when I grow up. Reading and writing make me very happy.
