My Favorite Hobby

Level: B1 Topic: Hobbies and Interests

My favorite hobby is painting. I started painting when I was ten years old. At first, I used watercolors, but now I prefer acrylics because they dry quickly and are easy to work with. I love to paint landscapes, especially mountains and rivers. Every weekend, I spend a few hours in the park, looking for inspiration. I take my easel, paints, and brushes with me. Sometimes, I meet other artists in the park, and we share tips and ideas. Painting helps me relax and express my feelings. I often display my work in local art shows. It is exciting to see people appreciate my paintings. I hope to continue improving my skills and maybe even have my own exhibition one day!

Questions
